

L.A. County Supervisorial Redistricting

As a resident of Porter Ranch living in the foothills, I favor keeping the northwest San Fernando Valley communities in District 5. We have much more in common with District 5 than with District 3, particularly with regard to the fire danger we face. We have lived in the same Porter Ranch home since 1985 and have mandatorily evacuated on several occasions, most recently during the Saddleridge Fire of October 11, 2019.
